

Barq

The Barq High Performance Game. You'll love it. And you'll hate it!

Building a Barq is complicated – selling it can be complex.
But when your customers have new wishes all the time
and your management keeps changing priorities, then this becomes ...

... an unforgettable challenge! Funny. Exciting.
Fascinating in its complexity. Built very close to real life.

Objectives

”When everything moves so fast, how can we work together with focus and purpose?”

The Barq Game ...

- ... shows how well you master complex tasks together
- ... makes you experience how high pressure impacts on your team
- ... indicates how responsive you are as a team
- ... helps avoid snap decisions, chaos and frustration
- ... expands your repertoire for working **in a focused and flexible way** in complex environments.

Target Groups

Leadership Development:

- Leaders who work in highly dynamic environments
- Leaders who prepare for working in extreme conditions online
- Experienced leaders seeking an update or upgrade

Team Development:

- Teams in volatile, dynamic, fluid environments
- Teams who work on highly complex tasks
- Teams in change processes, especially under time pressure
- Teams looking for a real challenge!

“I love how the game was structured close to real life. I can also embed the learnings into my daily work. It’s intuitive, fun and easy to play!”

Claryn Lim, LinkedIn Singapore,
Customer Success | Employee
Experience | MSc PPM

“I’ve learned a lot about how teams function, how people perform under pressure, and how the team adapts to new rules through iterations. Most probably the best business game I have ever gotten in touch with!”

Ivan Đolić, General Manager
